

### Legal Notice

The Mississippi Department of Transportation proposes to execute a Master Contract(s) with firms for the purpose of providing Bridge Hydraulic Engineering Services, Statewide. This includes performing bridge hydraulic engineering such as Phase A bridge hydraulic design, bridge scour analysis and evaluation, bridge scour and stream instability countermeasure design, independent technical reviews, FEMA studies including "No-Rise/No-Impact" Certification, and CLOMR/LOMR applications. This also includes preliminary structural design which shall be in accordance with the AASHTO LRFD Bridge Design Specifications. The Master Contract will utilize Cost plus Fixed Fee, Labor Hour/Unit Price, or Firm Fixed Price Work Assignments. The terms of a Master Contract for a selected consultant will not exceed 3 years with an estimated maximum contract amount of up to (3) million dollars. Selected consultants may be assigned Work Assignments throughout the Master Contract term. Work Assignments will be assigned based on MDOT's standard operating procedures.

Consulting engineering firms interested in providing these services may so indicate by furnishing the Department **seven (7) copies** of the following:

1. A cover letter specifying the name and complete description of the project, the name of the project manager, the location and address of the managing office, and the location and address of the office(s) that may be assigned the work;
2. A resume for each principal member, the project manager, and employee(s) of the firm and any subconsultants anticipated to be assigned to the project. Also, provide a team organizational chart and list each person's experience and qualifications, including proof that the Project Manager is licensed as a Mississippi Professional Engineer and that the firm has met state licensure and certification requirements\*\*. The team organizational chart shall include each individual's name, job description (for the project), and company of employment.
3. A description of similar type work completed during the past five (5) years which qualifies the consultant and any subconsultants for this work;
4. Part II of Standard Form (SF) 330, Architect-Engineer Qualifications. This Form can be obtained at [http://www.gomdot.com/Divisions/AdministrativeServices/Resources/Forms/pdf/MDOT\\_sf330\\_Part2.pdf](http://www.gomdot.com/Divisions/AdministrativeServices/Resources/Forms/pdf/MDOT_sf330_Part2.pdf). Interested firms without internet access may obtain this information by contacting Scot Ehrigott at (601)359-7536; and,
5. A response containing the information upon which the consultant will be evaluated (see below).

The Department will evaluate the Expressions of Interest based on the following factors listed in their relative order of importance: Experience, performance, and qualifications of the team's staff; Experience, performance, and qualifications of the proposed Project Manager; Past performance of the consultant (and any subconsultant) on similar projects with MDOT and/or other clients; Consultant's (and any subconsultant's) past performance and experience in achieving agreed project delivery schedules and mitigating project delays; and Quality of Proposal.

To be considered, the "Expression of Interest" proposal must respond to all requirements of this legal ad and any addenda. The recommended proposal length should not exceed twenty five (25) pages, exclusive of appendices. The resumes, SF-330 Part II, proof of State Licensure and certificates requirements, and other information not relevant to the requirements should be included in the appendices. The Consultant's cover letter, table of contents, summaries and introductions, team organizational chart, past performances, & responses to the evaluation criteria should be included in the 25 pages. Pages should be numbered, single-spaced, one-sided, 8.5" by 11" with margins of at least one inch on all four sides. No more than five pages may be 11" by 17", but they may count as two sheets each against the recommended 25 page maximum. Information within the recommended 25 page limit of the proposal should be complete and sufficient in scope for the selection committee to evaluate the Consultant. Also, all text information in recommended 25 page limit should be shown in a readable font, size 12 points or larger.

Section dividers, tabs, or similar means are recommended but are not counted as part of the recommended 25 page limit. These recommendations will be considered when evaluating the quality of proposal.

DBE goals may be applied to Work Assignments at MDOT's discretion. In the event that a DBE goal is required on an individual work assignment, MDOT approval of the DBE sub consultant(s) will be required.

The MDOT reserves the right to reject any and all Proposals and/or to discontinue contract execution with any party at any time prior to final contract execution.
